## SKILLS

---

MS Office Suite · Python · SQL · Data Visualizations · Data Mining

## DATA ANALYTICS EXPERIENCE

---

**DATA SCIENCE IMMERSIVE** - General Assembly Atlanta, GA (Jan 2018 - Apr 2018)  
Completed a 12-week full-time immersive Data Science course consisting of in-class projects, Kaggle competitions, and personal passion projects to best apply data science principles to real-world datasets. Explored and analyzed datasets using Python, SQL, and visualizations to present findings to both technical and non-technical audiences.

- Identifying Incentivized Product Reviews
  - Analyzed trends from Amazon product reviews to find predictors for incentivized or fake reviews.
  - Skills: Data Mining, EDA, Visualizations, Selenium
- West Nile Virus Prediction - Kaggle
  - Worked in teams to create a classification model using weather, location, and testing data to predict West Nile Virus outbreaks to allow the city to properly deploy precautionary measures.
  - Skills: Python, Python libraries (numpy, scikit-learn, etc.), Git/Github
- Natural Language Processing / Web-Scraper
  - Analyzed top Reddit threads by scraping live data along with natural language processing.
  - Skills: Python, BeautifulSoup, NLTK, Selenium

## WORK EXPERIENCE

---

**SENIOR TAX CONSULTANT** - Deloitte Tax, LLP Atlanta, GA (Jun 2015 - Current)

- Co-lead office-wide training for a pass-through technology tool to help improve engagement efficiencies
- Assisted in the coordination of estimated tax research as a firm-wide resource
- Implemented an automated process to confirm thousands of partner elections
- Managed a team of 10 to prepare and review >600 state returns for the East Coast Investment Management Return Network
- Frequently working on multiple clients with a varying project due dates

**PROCUREMENT ENGINEER** - DLR Distributors, INC. Stone Mountain, GA (Jan 2012 - Aug 2012)

- Coordinated the production of discontinued parts from an overseas manufacturer
- Implemented quality assurance inspections before client delivery
- Established a relationship to help this company become a distributor of a major bus and train manufacturer
- Created transit bid result trackers that influenced future pricing/bidding decisions
